

15th July 2020
WTH Workshop Wednesdays, Virtual Event

Welcome!

Intro to the group:

https://github.com/bristol-dsml-studygroup/about-us/blob/master/Initial_Session.pdf

Organised by Chew-Yean and Elena

Data Scientists - ran data workshops - create a learning community space + learn ourselves

Who are you? :-)

Today

6pm : (Zoom) Start – as part of Workshop Wednesdays

6:15pm: (Zoom) Community news and cool tools

We will share some useful tips and tricks for Python and Jupyter notebooks, plus talk about upcoming events, workshops and interesting meetups related to Data Science and Machine Learning.

6:45pm: (Zoom) Discussion on your wishes for this study group - format, tools, etc. Bring your ideas and your calendars.

7:15pm: Coffee/wine/cocktail/beer break – as part of Workshop Wednesdays

7:30pm: Study time - yes! Time to carry on learning! This will not be moderated and not on Zoom. Just you and your laptop. We are currently focusing on the fast.ai 'Practical Deep Learning for Coders v3' course (<https://www.fast.ai/>)

8:30pm: Central chat and updates – as part of Workshop Wednesdays

9pm: Close

Community news and tools

Styling Pandas Dataframes:
